Ivan Nohavica, Treasurer
Trout Unlimited SE Wisconsin Chapter
5590 S 45th St
Milwaukee, WI 53220-5207

Dear Ivan:

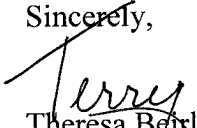

It is my pleasure to thank you for your gift of \$550 which Northland College and its Sigurd Olson Environmental Institute received on June 10, 2008. As requested, your gift will support the Pathfinders Program. We are all deeply grateful for your friendship and support.

On Saturday, May 24, 2008, 141 Northland College students graduated and began their new lives, embarking on careers their Northland experience helped them achieve. Job prospects related to the environment are increasing in many employment fields.

We couldn't do it without your help. Your gift makes possible the scholarships and educational opportunities that involve our students in real issues and real experiences. One such hands-on experience took place during May term where students in the Photovoltaic Installation class, taught by assistant instructor of physics Scott Grinnell, installed a solar electric system at the home of President Karen Halbersleben.

Thank you again for all that you do for Northland College programs and Northland students.

Sincerely,

Theresa Beirl
